## SKILLS

Python

Java

Javascript

Html/Css

SQL

Git

Haskell

PowerBI

Flask

ReactJS

Flutter

Spring

M.Learning

Langchain

Dart

Angular

Docker

MongoDB

Linux

Jira

Postman

Neural Networks

LLMs

## LANGUAGES

- English (Advanced)
- French (Fluent)
- Spanish (Fluent)
- Arabic (Intermediate)

## PROFILE

I'm an IT enthusiast currently pursuing a master's in Artificial Intelligence at Oxford Brookes University. My background in Computer Engineering from the University of Seville has provided me with strong programming and project management skills.

I developed a passion for AI during my undergraduate studies, delving into Deep Learning, Machine Learning, and LLM fine-tuning, among other areas. My final year project, a virtual assistant for a restaurant, solidified my interest in AI. I'm eager to expand my knowledge and make a positive impact in tech, with a strong belief in adaptability and teamwork.

You can explore some of my projects on my portfolio: [aminebennani.netlify.app](https://aminebennani.netlify.app)

## WORK EXPERIENCE

### Sopra Steria

SEPT 2023 - FEB 2024

Intern Software Engineer

- Addressed and resolved internal issues to optimize processes.
- Developed projects for international companies using Spring Boot, Spring Security, Spring Batch, Angular, SQL, Power BI, and Git.
- Working languages: Spanish and French.

## EDUCATION

### Oxford Brookes University

2024 - 2025

Master's in Artificial Intelligence

### University of Seville

2019 - 2024

Bachelor's Degree in Computer Engineering - Information Technologies

### Spanish School of Rabat

2003 - 2018

Baccalaureate, Science Track

## QUALITIES

- Motivation
- Initiative
- Involvement
- Team spirit
- Mathematical Reasoning
- Creativity
- Rigor
- Adaptability
